SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES

The United States District Court for the District of New Mexico is soliciting a vendor to provide substance use, mental health, and/or sex offender treatment services. A vendor must be capable of providing services within a geographic area encompassing Bernalillo County, NM.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, approximately 1 to 1 vendors are needed to provide the required services. The Government reserves the right to award to a single vendor. If the Government awards to more than one vendor, each vendor placed on the BPA will receive a share of the total quantity of Estimated Monthly Quantities stated.

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. In the event the Government has awarded to more than one vendor on a BPA, referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of four 12-month options, shall not exceed 60 months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. An asterisk * indicates a requirement line item which has been modified under “Local Services.” Offerors shall submit pricing and proposal information related to only the required services. Services proposed, but not required, will not be evaluated or included under any resultant agreement. Offerors failing to provide pricing on all identified project codes (with the exception of actual cost or administrative fees), will be considered technically unacceptable.

Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

Note: Estimated Monthly Quantities (EMQs) represent the estimated total monthly quantities to be ordered per project code. However, EMQ’s are estimates only and do not bind the government to meet these estimates.

The Chief Probation Officer or Chief Pretrial Services Officer may furnish Government-owned telephone answering equipment, fax machines, and/or onsite drug-detection devices called non-instrumented drug tests to a contractor if such equipment will improve the frequency of urine collection in the district. The equipment shall be used only for a random urine collection program.

SECTION I - REQUIRED CLAUSES**I.1 Clause 7-30, Public Use of the Name of the Federal Judiciary - (JUN 2014)**

- (a) The contractor shall not refer to the judiciary, or to any court or other organizational entities existing thereunder (hereinafter referred to as "the judiciary"), in advertising, news releases, brochures, catalogs, television and radio advertising, letters of reference, web sites, or any other media used generally by the vendor in its commercial marketing initiatives, in such a way that it represents or implies that the judiciary prefers or endorses the products or services offered by the contractor. This provision will not be construed as limiting the contractor's ability to refer to the judiciary as one of its customers when providing past performance information as part of a proposal submission, as opposed to general public marketing.
- (b) No public release of information pertaining to this contract will be made without prior judiciary written approval, as appropriate, and then only with written approval of the contracting officer.

I.2 Subcontracting

Services the vendor proposes to refer to other service providers shall be considered subcontracting. The vendor (prime contractor) may subcontract the provision of treatment services to other service providers (subcontractors). After award, any proposed subcontractor arrangements or changes to the existing subcontractor arrangements are subject to the Contracting Officer's approval and shall be submitted in writing to the Contracting Officer at least 30 days in advance of the proposed subcontracting arrangement or change. The Contracting Officer will respond promptly with written approval or disapproval. The prime contractor shall not refer defendants/persons under supervision to any other vendor that has not been approved by the Contracting Officer in writing. The government reserves the right to revoke approval of any subcontractor at any time that does not meet the requirements of this contract.

The prime contractor is responsible to the judiciary for overall performance of the services required under this contract. If any services are subcontracted, the prime contractor shall ensure that the subcontractor is complying with the requirements of this contract, including the qualifications of any personnel providing services; the possession and maintenance of all appropriate state and local licenses in compliance with state and local regulations; and the appropriate documentation demonstrating compliance with all federal, state and local fire, safety and health codes. The prime contractor shall ensure that subcontractors are not debarred, suspended, or ineligible to perform under federal contracts.

A subcontractor has no contractual rights, known as privity of contract, against the judiciary. However, the subcontractor may have rights against the prime contractor.

Upon contract termination, the contractor must, except as otherwise directed by the CO, terminate all subcontracts to the extent that they relate to performance of the work terminated.

I.3. Clause 2-90D, Option to Extend the Term of the Contract - (APR 2013)

- (a) The judiciary may extend the term of this contract by written notice to the contractor no later than 30 calendar days prior to the contract's expiration date; provided that the judiciary gives the contractor a preliminary written notice of its intent to extend at least 60 calendar days before the contract expires. The preliminary notice does not commit the judiciary to an extension.
- (b) If the judiciary exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

I.4 Clause 2-90C, Option to Extend Services - (APR 2013)

The judiciary may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The contracting officer may exercise the option by written notice to the contractor no later than 30 calendar days prior to contract's current expiration date.

I.5 Clause 2-57 Protecting, Reporting, and Responding to Incidents Involving Sensitive Information - (JUN 2024)

- (a) Definitions. As used in this clause —

“Breach” means the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where an unauthorized person accesses or potentially accesses Sensitive Information, or an authorized user accesses Sensitive Information for an unauthorized purpose.

“Incident” means an occurrence that—

- (1) Actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system; or
- (2) Constitutes a violation, or imminent threat of violation, of law, security policies, security procedures, or acceptable use policies.

“Information System” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

“Personally Identifiable Information (PII)” means information that can identify an individual, when used alone or with other relevant data. PII may contain direct identifiers (e.g., Social Security numbers) that can identify a person uniquely or quasi-identifiers (e.g., date of birth) that can be combined with other quasi-identifiers to successfully recognize an individual. The definition of PII is not anchored to any single category of information or technology. Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

“Privacy Information” means both PII and Sensitive Personally Identifiable Information (SPII).

“Sensitive Information” means any data or other information for which public disclosure, or disclosure to users without a need to know to perform their jobs, can harm individuals, the U.S. government, or private organizations. Sensitive Information includes Privacy Information and the following types of information:

- (1) Agreement Information. Information received by judiciary organizations, according to agreements with other federal, state, local, tribal, territorial, or private sector partners, that is required to be protected under the agreement with that partner or other applicable laws.
- (2) Procurement Information. Information related to procurements that is considered sensitive and is not normally shared with the public outside official processes. This includes internal information and documents related to procurements, source selection information, vendor proposals, and submitted information marked as proprietary or sensitive. This does not include the contractor’s own proposal(s) or contract(s) with the judiciary.
- (3) Information Systems Vulnerability Information (ISVI).
 - (A) Information technology (IT) systems data (e.g., systems inventories, enterprise architecture models) that reveal infrastructure used for servers, desktops, and networks; application name, version, and release; switching, router, and gateway information; interconnections and access methods; and mission or business use or need.
 - (B) Information about developing or current technology, the release of which could hinder judiciary objectives, compromise a technological advantage or countermeasure, cause a denial of service, or provide an adversary with sufficient information to clone, counterfeit, or circumvent a process or system.
 - (C) System vulnerability or weakness information that could be used to compromise the confidentiality, integrity, or availability of an information system.
- (4) Personnel Security Information. Information that could result in physical risk to judiciary personnel.
- (5) Physical Security Information. Information related to the protection of judiciary buildings, grounds, or property, including reviews or reports that illustrate or disclose facility infrastructure or security vulnerabilities. Examples include threat assessments, system security plans, security diagrams for judiciary buildings, contingency plans, risk management plans, business impact analysis studies, and certification and accreditation documentation.
- (6) Court Related Information. Sealed cases, sealed documents or other information marked as sensitive by a court. This includes Highly Sensitive Documents (HSD), which are documents or other materials that contain sensitive, but unclassified, information that warrants exceptional handling and storage procedures to prevent significant consequences from unauthorized access or disclosure.
- (7) Privileged/confidential Information. Information protected through recognized confidential relationships.
- (8) Official Business Information. Proposed budgets, draft plans or policies, other information intended only for consideration by internal decision makers or other confidential audiences.

“Sensitive Personally Identifiable Information (SPII)” is a subset of PII that if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

- (1) Multiple pieces of information, when combined, may pose an increased risk of harm to the individual. SPII may consist of any grouping of information that contains an individual's name or other unique identifier, plus one or more of the following elements:
 - (A) Truncated SSN (e.g., last four digits);
 - (B) Birthdate (month, day, and year);
 - (C) Citizenship or immigration status;
 - (D) Ethnic or religious affiliation;
 - (E) Sexual orientation;
 - (F) Criminal history;
 - (G) Medical information; and
 - (H) System authentication information (e.g., mother's birth name, account passwords, personal identification numbers (PINs)).
- (2) Other PII (e.g., list of employees and their performance ratings, unlisted home address, unlisted phone number) that may present an increased risk of harm to the individual depending on its context. The context includes the purpose for which the PII was collected, maintained, and used. The same information in different contexts can reveal additional information about the impacted individual.

(b) Accessing and Protecting Sensitive Information

- (1) Contractor roles and responsibilities regarding Sensitive Information. Before the contractor shall have access to Sensitive Information, the contractor shall coordinate with the contracting officer's representative (COR) about the contractor's roles and responsibilities regarding the Sensitive Information, and how an incident or suspected incident will be handled consistent with this clause and judiciary policies and procedures. Before they may access the Sensitive Information, the contractor, their staff, and subcontractors shall complete all forms, trainings, and briefings as may be necessary for security or other reasons.
- (2) Training. Contractors that have access to Sensitive Information as part of this contract shall provide their staff with training before they access Sensitive Information, and then at least annually thereafter. The training shall comply with this clause and the training shall cover how to properly handle and safeguard judiciary Sensitive Information and how to identify and report incidents or suspected incidents regarding judiciary Sensitive Information consistent with this clause. The contractor shall provide an initial report, and then an annual report each year after that, to the COR that shows that contractor staff and any subcontractor staff working on the contract have all successfully completed such training. The Contractor shall also provide the COR confirmation that any new staff or subcontractor staff that join the contract after the contract has begun have also successfully completed such training.
- (3) Access. Contractor shall have access only to those areas of judiciary Sensitive Information resources explicitly stated in this contract or approved by the contracting officer or COR in writing, as necessary for performance of the work under this contract. Any attempts by contractor personnel to gain access to any information resources not expressly authorized by the terms and conditions in this contract, or as approved in writing by the contracting officer or COR, are strictly prohibited. If this clause is violated, the

judiciary will take appropriate actions regarding the contract and the individual(s) involved.

(4) Protection Requirements

(A) Contractor shall safeguard all Sensitive Information and shall take reasonable measures to prevent the unauthorized use, disclosure, or loss of Sensitive Information. This includes Sensitive Information in any medium or form, including electronic, oral, or paper.

(B) Contractor and their subcontractors shall safeguard Sensitive Information whether it resides on judiciary owned and operated information systems, judiciary owned and contractor-operated information systems, contractor-owned and/or operated information systems operating on behalf of the judiciary, and any situation where contractor and/or subcontractor employees may have access to Sensitive Information because of their relationship with the judiciary.

(C) Sensitive Information shall not be stored on a mobile device or portable electronic media and shall be handled with awareness of the surroundings, so that the Sensitive Information is not disclosed to unauthorized individuals. Sensitive Information shall be secured when unattended or not in use. If performance of the contract requires the contractor to access Sensitive Information on a mobile device or portable electronic media, they shall notify the contracting officer and COR and provide details on the use case required and how such use will comply with this clause and all other applicable policies and guidelines. The COR will work with the contractor and determine if such a use case is acceptable. The contractor shall not use or store Sensitive Information on a mobile device or portable electronic media until the contracting officer provides acceptance of the use case.

(D) Contractor shall encrypt Sensitive Information if the Sensitive Information is in transit or is stored outside of judiciary networks. This includes any Sensitive Information that may reside on, or transit contractor-owned or operated information systems.

(E) All Sensitive Information must be appropriately labeled, secured, and be properly returned, disposed of, or sanitized when no longer needed or at the end of the contract. See section (e) of this clause for more guidance on returning, sanitizing, and disposing of judiciary Sensitive Information.

(F) Removal. The contracting officer may require the contractor to prohibit individuals from working on the contract if the judiciary deems their initial or continued employment on the contract contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

(c) Incident Reporting Requirements

(1) Contractors and subcontractors shall report all known or suspected incidents to the Security Operations Center (SOC), which is staffed 24 hours per day, seven days per week.

(A) When reporting incidents to the SOC, contractors and subcontractors shall submit the report by:

(i) email to soc@ao.uscourts.gov with courtesy copy to the contracting officer and COR using the contact information identified in the contract, or

- (ii) phone call to 202-502-4370, in which case the contractor must notify the contracting officer and COR immediately after reporting to the SOC.
 - (B) Contractors and subcontractors shall report all known or suspected incidents involving PII or SPII within one hour of discovery. All other incidents shall be reported within eight hours of discovery.
 - (C) Subcontractors shall notify the prime contractor if they have reported a known or suspected incident to the SOC. Lower tier subcontractors shall also notify their higher tier subcontractor, until the prime contractor is reached.
- (2) The judiciary will determine whether information exposed in an unauthorized disclosure or security breach of information under the contractor's control or in an information system under the contractor's control at the time of the incident is Sensitive Information, PII, or SPII by performing an assessment of the specific risk that an individual could be identified using the exposed information with other information that is linked or linkable to the individual. Information that is not PII when considered alone can become PII or SPII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to an individual. Final determination of the categorization of exposed information as Sensitive Information, PII, or SPII will be made in writing by the contracting officer.
- (3) Sensitive Information transmitted via email shall be protected by encryption. When using regular email channels, contractors and subcontractors shall not include any Sensitive Information in the subject or body of any email. The Sensitive Information shall be included as a password-protected attachment with the password provided under separate cover, including as a separate email. Recipients of Sensitive Information shall comply with any email restrictions imposed by the originator.
- (4) No incident may, by itself, be interpreted as evidence that the contractor or subcontractor has failed to provide adequate information security safeguards for Sensitive Information or has otherwise failed to meet the requirements of the contract.
- (5) If an incident involves PII or SPII, contractors and subcontractors shall also provide as many of the following data elements that are available at the time the incident is reported, with any remaining data elements provided within 24 hours of submission of the initial incident report:
- (A) Unique Entity Identifier (UEI);
 - (B) Contract numbers affected, unless all contracts by the company are affected;
 - (C) Facility CAGE code, if the location of the event is different than the prime contractor location;
 - (D) Point of contact (POC), if different than the POC recorded in the System for Award Management (address, position, telephone, and email);
 - (E) Contracting officer POC (address, telephone, and email);
 - (F) Contract clearance level;
 - (G) Name of subcontractor and CAGE code, if this was an incident on a subcontractor network;
 - (H) Government programs, platforms, or systems involved;
 - (I) Location(s) of incident;
 - (J) Date and time the incident was discovered;
 - (K) Server names where Privacy Information resided at the time of the incident, both at the

contractor and subcontractor level;
(L) Description of the government PII or SPII contained within the system; and
(M) Any additional information relevant to the incident.

(d) Incident Response Requirements

- (1) All determinations by the judiciary related to incidents, including response activities, will be made in writing by the contracting officer.
- (2) The contractor shall provide full access and cooperation for all activities determined by the government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of incidents.
- (3) Incident response activities determined to be required by the government may include, but are not limited to, the following:
 - (A) Inspections;
 - (B) Investigations;
 - (C) Forensic reviews;
 - (D) Data analyses and processing; and
 - (E) Revocation of the Authority to Operate (ATO), if applicable.
- (4) The contractor shall immediately preserve and protect images of known affected information systems and all available monitoring or packet capture data. The monitoring or packet capture data shall be retained for at least 180 days from submission of the incident report to allow the judiciary to request the media or decline interest.
- (5) The judiciary, at its sole discretion, may obtain assistance from other Federal agencies and/or third-party firms to aid in incident response activities.

(e) Certificate of Sanitization of Government and Government-Activity-Related Files and Information

Upon the conclusion of the contract by expiration, termination, cancellation, or as otherwise indicated in the contract, the contractor shall return all Sensitive Information to the judiciary and/or destroy it physically and/or logically as identified in the contract, unless the contract states that return and/or destruction of Sensitive Information is not required. Destruction shall conform to the guidelines for media sanitization contained in NIST SP 800–88, Guidelines for Media Sanitization. The contractor shall certify and confirm the sanitization of all government and government-activity related files and information. The contractor shall submit the certification to the COR and contracting officer following the template provided in NIST SP 800–88, Guidelines for Media Sanitization, Appendix G.

(f) Other Reporting Requirements

Incident reporting required by this clause does not rescind the contractor's responsibility for other incident reporting pertaining to its information systems under other clauses that may apply to its contract(s), or as a result of other applicable statutory or regulatory requirements, or other government requirements.

(g) PII and SPII Incident Notification Requirements

- (1) All determinations by the judiciary related to notifications to affected individuals and/or federal agencies and related services (e.g., credit monitoring) will be made in writing by the contracting officer.
- (2) No later than five business days after being directed by the contracting officer, or as otherwise required by applicable law, the contractor shall notify any individual whose PII or SPII was either under the control of the contractor or resided in an information system under control of the contractor at the time the incident occurred. The method and content of any notification by the contractor shall be coordinated with, and subject to prior written approval by, the contracting officer. The contractor shall not proceed with notification unless directed in writing by the contracting officer.
- (3) Subject to government analysis of the incident and direction to the contractor regarding any resulting notification, the notification method may consist of letters to affected individuals sent by first-class mail, electronic means, or general public notice, as approved by the contracting officer. Notification may require the contractor's use of address verification and/or address location services. At a minimum, the notification shall include:
 - (A) A brief description of the incident;
 - (B) A description of the types of PII or SPII involved;
 - (C) A statement as to whether the PII or SPII was encrypted or protected by other means;
 - (D) Steps individuals may take to protect themselves;
 - (E) What the contractor and/or the government are doing to investigate the incident, mitigate the incident, and protect against any future incidents; and
 - (F) Information identifying who individuals may contact for additional information.

(h) Credit Monitoring Requirements

The contracting officer may direct the contractor to:

- (1) Provide notification to affected individuals, as described in paragraph (g)(2).
- (2) Provide credit monitoring services to individuals whose PII or SPII was under the control of the contractor or resided in the information system at the time of the incident for a period beginning the date of the incident and extending not less than 18 months from the date the individual is notified. Credit monitoring services shall be provided from a company with which the contractor has no affiliation. At a minimum, credit monitoring services shall include:
 - (A) Triple credit bureau monitoring;
 - (B) Daily customer service;
 - (C) Alerts provided to the individual for changes and fraud; and

- (A) have access to Sensitive Information;
- (B) have access to or handle systems containing Sensitive Information;
- (C) collect or maintain Sensitive Information on behalf of the Judiciary; or
- (D) use a subcontractor information system(s) to process, store, or transmit Sensitive Information.

(2) Any violation by a subcontractor of any of the provisions established in this clause will be attributed to the contractor.

(3) Any breach or incident, as defined in paragraph (a) (Definitions) of this clause, experienced by a subcontractor will be attributed to the contractor for the purpose of triggering contractor compliance with the requirements in paragraphs (c) (Incident Reporting Requirements), (d) (Incident Response Requirements), (f) (Other Reporting Requirements), (g) (PII and SPII Incident Notification Requirements), and (h) (Credit Monitoring Requirements) of this clause.

I.6 Clause B-5 Clauses Incorporated by Reference - (SEP 2010)

<http://www.uscourts.gov/procurement.aspx>

The clauses listed below are applicable to Agreements and Contracts at any value.

Clause 1-15	Disclosure of Contractor Information to the Public	AUG 2004
Clause 3-25	Protecting the Judiciary's Interest When Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment	MAR 2019
Clause 3-160	Service Contract Labor Standards	MAR 2019
Clause 3-205	Protest After Award	JAN 2003

(a) Definitions. As used in this clause –

"System for Award Management (SAM)" means the federal government owned and operated free website that replaced the Central Contractor Registration (CCR) and is the primary government repository for contractor information required for the conduct of business with the government.

Unique entity identifier (UEI) means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing UEI.

"Registered in the SAM database" means that –

- (1) The contractor has entered all mandatory information, including the UEI, into the SAM database; and
 - (2) The government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The contractor will be required to provide consent for TIN validation to the government as a part of the SAM registration process.
- (b) (1) By submission of an offer, the offeror acknowledges the requirement that a Prospective awardee shall be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
- (2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the UEI that identifies the offeror's name and address exactly as stated in the offer. The UEI will be used by the contracting officer to verify that the offeror is registered in the SAM database.
- (c) If the offeror does not have a UEI, it may obtain one at SAM.gov. The offeror should be prepared to provide the following information:
- (1) company legal business name;
 - (2) tradestyle, doing business, or other name by which your entity is commonly recognized;
 - (3) company physical street address, city, state and ZIP code;

 - (5) company telephone number;
 - (6) date the company was started;
 - (7) number of employees at your location;
 - (8) chief executive officer/key manager;
 - (9) line of business (industry);
 - (10) company headquarters name and address (reporting relationship within your entity).

- (d) If the offeror does not become registered in the SAM database within the time prescribed by the contracting officer, the contracting officer will proceed to award to the next otherwise successful registered offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) The contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (g) Change of Name and Novation Agreements:
 - (1) If a contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of name agreements, the contractor shall provide the responsible contracting officer a minimum of one business day's written notification of its intention to:
 - i. Change the name in the SAM database;
 - ii. comply with the requirements of Guide to Judiciary Policy, Vol. 14, § 745.55; and
 - iii. agree in writing to the timeline and procedures specified by the responsible contracting officer. The contractor must provide with the notification sufficient documentation to support the legally changed name.
 - (2) If the contractor fails to comply with the requirements of paragraph (g)(1) of this clause, or fails to perform the agreement at paragraph (g)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information showing the contractor to be other than the contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.
- (h) Assignment of Claims The contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the SAM database. Information provided to the contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than the contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

- (i) Offerors and contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.SAM.gov> or by calling 1-866-606-8220 or at <http://www.FSD.gov>.

SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICE TO OFFERORS

L.1. GENERAL INSTRUCTIONS FOR PROPOSALS

Request for Proposals

This Request for Proposal consists of Sections A through M.

Section A - Solicitation/Offer/Acceptance Form, AO 367

In Section A, page 1 is the **Solicitation/Offer/Acceptance**. The Offeror must fill out the following blocks on the form:

- (1) Block 8, as instructed on the form.
- (2) Block 10, acknowledgment of amendments.
- (3) Block 11, name and address of Offeror.
- (4) Block 12, telephone number.
- (5) Block 13, name and title of person authorized to sign the offer.
- (6) Block 14, signature of Offeror (this shall be signed by a representative authorized to commit the Offeror to contractual obligations. Signature can be electronic or physical.).
- (7) Block 15, date signed.

Section B - Submission of Prices

(1) Services

The Offeror must provide a price for each identified project code (with the exception of actual cost or administrative fees).

(2) Prices

The prices submitted must reflect the requirements of the Statement of Work for each project code requested as well as all terms and conditions of the contract that relate to that service item. Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

(3) **Acceptable Responses**

(a) **Unit Price**

Sliding price scales will not be accepted by the Government. The price will reflect the unit as defined in Section B and the Statement of Work for each project code.

(b) **"N/C" = No Charge**

For any item that the Offeror will provide without charge or without additional charge, the Offeror shall insert "N/C" in the Unit Price column of Section B.

(c) **Subcontracting**

For project codes the Offeror will be subcontracting, the Offeror shall insert the letter "S" following the price inserted in the Unit Price column. Subcontracting includes all services outsourced in order to fulfill the requirements of the agreement.

(d) **Prices and "No Shows"**

The Judiciary does not reimburse vendors for defendant/person under supervision no-shows. When formulating pricing for services, the Offeror should consider incorporating the cost of "No-shows" into the proposed unit price. A "No-show" occurs when a defendant/person under supervision does not report for scheduled services and/or does not cancel with at least 24 hours advance notice.

(4) **Estimated Monthly Quantity**

The figures provided in the Estimated Monthly Quantity column of Section B are estimates of the frequency that the services will be required. Estimated Monthly Quantities are based on the specific unit indicated within the project code. (For example, if one unit is equal to thirty minutes at a unit rate of \$10, but the service provided is ninety minutes, that would equate to three units of the service for a total cost of \$30. Within Section B, the Offeror shall include the pricing based on the unit indicated). *These figures are estimates only and the government is not bound to meet these estimates.* Note that if the government awards to multiple Offerors, the Estimated Monthly Quantities would be spread amongst the multiple Offerors; however, the government is not required to award to multiple Offerors, even if indicated in Section B. An Offeror should be prepared to provide the full amount of Estimated Monthly Quantities reflected. If the Offeror is unable to provide the full amount of Estimated Monthly Quantities, the Offeror must expressly state this within its proposal and provide the reasoning behind it, as well as indicate the volume of services the Offeror would be capable of providing.

Proposal Submission

Proposals are due by the Date and Time specified in Section A Block 6 of the Solicitation/Offer/Acceptance. *Proposals shall be e-mailed to the person designated in Block 4 and/or 5 of Section A, Solicitation/Offer/Acceptance.* All e-mail submissions must reference in the subject line, the Solicitation # indicated in Section A, Block 1 of the Solicitation/Offer/Acceptance. - (a) *Definitions* As used in this provision:
- "Discussions" are negotiations that occur after establishment of the competitive range that may, at the contracting officer's discretion, result in the Offeror being allowed to revise its offer.
- In writing, "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

- (b) *Amendments to solicitations* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s). - (c) *Submission, modification, revision, and withdrawal of offers*
- (1) The first page of the offer shall show:
- (i) the solicitation number;
 - (ii) the name, address, and telephone and facsimile numbers of the Offeror (and electronic address if available);

If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offer or revision is due.
 - (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:
 - (1) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

 - (iii) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
 - (iv) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the office designated for receipt of offers by the exact time specified in the solicitation, and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.

amendment, or to correct a mistake at any time before award.

- (5) Offerors may submit revised offers only if requested or allowed by the contracting officer.
- (6) Offers may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the contracting officer.
- (d) *Offer expiration date* Offers in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the Offeror).
- (e) *Restriction on disclosure and use of data* Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:

- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this Offeror as a result of-or in connection with-the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

- (2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.

(f) *Contract award*

- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible Offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
- (3) The judiciary may waive informalities and minor irregularities in offers received.
- (4) The judiciary intends to evaluate offers and award a contract without discussions with Offerors (except clarifications). Therefore, the offeror's initial offer shall contain the Offeror's best terms from a price or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.
- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit price or prices offered, unless the Offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative prices, it is in the judiciary's best interest to do so.
- (7) Exchanges with Offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.
- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a price realism analysis is performed, price realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful Offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in post-award debriefings to other Offerors:
 - (i) the Overall evaluated price or price and technical rating of the successful Offeror;

- (ii) the overall ranking of all Offerors, when any ranking was developed by the judiciary during source selection;
- (iii) a summary of the rationale for award; and
- (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful Offeror.

Multiply that figure by the unit Price offered to arrive at the Total Evaluated Price for that project code. Yearly prices of project codes are totaled to arrive at Total Evaluated Price for each offeror.
- (b) Project codes that are offered at “N/C” or No Charge, will be evaluated in the Life of Agreement comparison by entering \$0.00 for the unit price.
- (c) Project codes that are reimbursable at actual prices or at a travel regulation rate are not considered in the price comparison.

M.5 Provision 2-85A Evaluation Inclusive of Options (JAN 2003)
